SUBMISSION OF CORRECTED APPLICATION PAPERS

Hon. Commissioner of Patents
and Trademarks
Washington, D. C. 20231

Attn: Customer Service Center
Initial Patent Examination Division

Sir:

This will serve as a response to the Notice To File
Corrected Application Papers dated January 30, 2002.

Initially, it is noted that in the Notice To File
Corrected Application Papers the specification papers were
stated to not have the appropriate margins and to not have the
proper line spacings of 1-1/2 or double spaced. Therefore, a
substitute specification in compliance with 37 CFR 1.52(a) has
been required to be submitted.

In view of this, applicant has submitted concurrently
herewith a replacement specification consisting of 1-17 pages,
which correspond to originally filed pages 1-8. These

replacement pages contain no new matter. Originally filed pages 9-16 are merely Exhibits A-G which are to be attached as an Appendix after new page 17. Thus, replacement pages have not been submitted for these Exhibits A-G.

In addition, it is noted that in the Notice dated January 30, 2002 the drawing sheets were stated to not have the appropriate margins and that substitute drawings in compliance with 37 CFR 1.84 is required to be submitted. In this regard, applicant has also submitted concurrently herewith two (2) new sheets of copied informal drawings for the above-identified application.

Finally, it is noted that the Notice indicated that an Abstract was not provided for this application. Thus, an Abstract has been required under 37 CFR 1.72(b) to be submitted. In this respect, applicant has filed an Abstract herewith for insertion after the originally filed claim pages.

A new Power of Attorney is enclosed herewith appointing the undersigned attorney. Please enter this document into this case.

A copy of this Notice dated January 30, 2002 is attached hereto. Please kindly make this document of record.

Respectfully submitted,
